The Tiverton School District has the distinct honor of recognizing members of our professional team who display the very spirit that Tiverton Public Schools have embodied over decades of learning. The ethos shared amongst peers is one that we can certainly cherish and reflect upon as we recognize and reward our history.

I would like to cordially invite you to attend the Professional Ceremony scheduled for Tuesday, June 4, 2019 at 3:30 PM. The intention of this ceremony is for us to come together as a district in celebration of our accomplishments throughout this past year, and to individually recognize some of the career milestones achieved by our peers.

It is with sincerity that I look forward to seeing you at the first recognition ceremony within our district. We, as a district, have certainly earned the opportunity to come together and celebrate the excellence in education accomplished by our fellow educators.

Thank You,

Peter
